

“United Way’s VITA program provides excellent training and ongoing support during the tax season. I enjoy the interaction with the diverse clientele at the various sites. It is gratifying to know that the refunds that are processed will help the whole community, as the clients need and use their refunds locally. I’m happy knowing I can play a part in “living united.” Kay Wyatt

You have what it takes to be a VITA tax preparer if you like to serve people.

Become certified by the IRS to prepare income taxes with FREE on-line training.

There is no personal liability for you as a VITA volunteer!

During tax season you will be involved with like-minded people, doing valuable things to help others.

LIVE UNITED.™** 

VITA

(Volunteer Income Tax Assistance)

In Saginaw County

Thousands of taxpayers have their income tax returns prepared for FREE by VITA volunteers.

Millions of dollars in income tax refunds have been returned to and used in our county.

"I really enjoy the program. Working with taxpayers to figure out what credits are available is rewarding because you know how much you have helped them and their families—they are so appreciative. The impact that this program has on the community is truly outstanding." Joyce Potoff

"Working with the VITA program gives me a feeling of family. We work together as a team to help people in need. Every week during tax season I perform my tasks, whether it be taking care of administrative responsibilities or greeting people at the VITA sites who have come to have their income taxes done. I know I am making a significant difference in their lives." Kay Brzak

Delta college student Heather Kinney said, *"Putting a smile on people's faces was just as important as the information I learned. It made me really excited to get out into the work force and do taxes every day."*
